

Feature	ACI (LH Series)	Coffing (LSB-B Series)	Harrinton (LB Series)	Yale (PSB Series)
<b>Load Chain</b>	Heavy duty, heat-treated, wear-resistant load chain.	Hardened load chain.	Heat-treated load chain.	Hardened load chain.
<b>Parts Availability</b>	Direct order. No minimum order.	Must order from limited number of distributors. Distributors have minimum order of \$100.00.	Must order from limited number of distributors. Minimum order might apply in some cases.	Must order from limited number of distributors. Minimum order might apply in some cases.
<b>Rated Loads</b>	Load capacities range from ¾ ton to 6 tons.	Similar to ACI.	Similar to ACI.	Similar to ACI.
<b>Hook</b>	Forged carbon steel hooks with safety latches. Under excessive loads, hook will open gradually and not fracture. Durable 360° rotating hook pivot.	Steel alloy hook, 360° rotation.	Same as ACI	Steel alloy hook, 360° rotation.
<b>Ease of Use</b>	Precise, durable gearing produces maximum lift, with minimal effort.	Ratcheting lift mechanism.	Ratcheting lift mechanism.	Ratcheting lift mechanism.
<b>Safety</b>	Clutch automatically slips when lifting loads beyond the rated weight capacity, preventing potential damage and/or injury.	Same as ACI	Standard slip clutch to prevent lifting of damaging loads.	Same as ACI
<b>Durability</b>	Highly durable stamped steel construction.	Same as ACI	Same as ACI	Same as ACI
<b>Braking</b>	Automatic mechanical double-pawl braking system.	Mechanical load brake (automatic).	Same as ACI	Mechanical load brake (automatic).
